

SAMUEL CÓRDOBA HENAO

Profile

I am a full-stack developer passionate about technology and software development. With programming experience since I was 14, I have worked on various projects such as web applications, WhatsApp bots, and Discord. I have a strong command of APIs, architecture, clean code, and modular or layered design. I stand out for my learning ability, adaptability, and teamwork. Currently, I am looking for opportunities to continue growing professionally and contribute innovative solutions to the world of technology.
